Calling all AHPs and healthcare scientists: Launching the Advancing Healthcare Awards 2020

Allied health professionals, healthcare scientists and those who work alongside them in support roles across the UK, have until 8 January 2020 to enter the Advancing Healthcare Awards, the unique awards programme which crosses boundaries and fosters partnership working.

This year the Advancing Healthcare awards have a green theme with DEFRA's sponsored award to mark their Year of Green Action and we are asking all entrants to reflect on how they have taken positive action to improve the environment.

We're also pleased to announce two new AHP awards - the Council of Allied Health Professions Research (CAHPR) award for evaluating health and social care practice and the Chroma award for excellence in neurorehabilitation sponsored by Chroma in association with the Independent Neurorehabilitation Providers Alliance. The Guardian sponsors the award for AHPs working with people who have mental health problems.

The awards will be presented on 20 March 2020 at a central London venue.

The 2020 awards are:
